

Instructions

Step 1: Prepare the Mounting Surface

Drill the required holes in the wall or ground, ensuring a spacing of 400–600 mm. Insert and secure M6 expansion screws into the drilled holes.

Step 2: Set the Mounting Frame Distance

Adjust the LEDBAR's mounting brackets to match the hole spacing on the fixed surface. Ensure both brackets are positioned evenly before tightening.

Step 3: Adjust the Beam Angle

Loosen the angle adjustment screws on the mounting brackets. Tilt the fixture to the desired angle, then tighten the screws securely to lock the position.

Lampshade Installation

Wall Wash Lamp Shade Installation

Step 1: Fit the Lampshade

Position the lampshade and end caps over the fixture ensuring it sits correctly and aligns with the housing.

Step 2: Secure the Lampshade

Use the eight screws located at the bottom on both sides of the lampshade to fasten it firmly in place. Confirm all screws are tightened evenly.

Disclaimer

This product must be installed by a skilled or instructed person in accordance with the current edition of the IET Wiring Regulations BS 7671 "Requirements for Electrical Installations" and the Buildings Regulations, as may be applicable subject to the location and country of the installation.

For more information and installation guide lines please refer to "Guide on Lighting Risks and Regulations" which can be downloaded from the website: https://www.orlight.com/content/files/orlight/resources/Guide_on_Lighting_Risks_and_Regulations_2020.pdf

Should this product be modified, misused or not installed as per the instructions given, the product warranty shall be rendered void.

All information contained within these installation instructions manual is provided in good faith. Orlight shall not be held responsible for any losses incurred as a result of the Customer's failure to follow the instructions manual thoroughly and in its entirety or failing to inspect the product for missing parts and/or any defects prior to installation.
