

AURELIA-1

Installation Instructions

Safety Information

- Always switch off the mains power supply at the circuit breaker before beginning installation.
- Installation should be carried out by a qualified electrician where required by local regulations.
- Ensure the ceiling and electrical junction box are suitable for supporting the weight of the luminaire.
- This fitting is designed for indoor use only.
- Do not exceed the maximum recommended lamp wattage.
- Handle the glass shade carefully during installation to avoid damage or injury.

Instructions

Step 1: Fix the Mounting Bracket
Secure the mounting bracket (1) to the ceiling junction box using appropriate screws. Ensure the bracket is firmly fixed and aligned with the ceiling surface.

Step 2: Prepare the Canopy
Position the ceiling canopy (2) beneath the mounting bracket and ensure the fixing holes align with the bracket.

Step 3: Connect the Wiring
Connect the pendant wires to the mains supply using the terminal block (3).
Typical wiring configuration:

- **Brown (Live)** → Live supply
- **Blue (Neutral)** → Neutral supply
- **Green/Yellow (Earth)** → Earth connection (if applicable)

Ensure all connections are secure and properly insulated.

Step 4: Secure the Ceiling Canopy
Lift the ceiling canopy (2) into place and tighten the side fixing screws (4) until the canopy sits flush against the ceiling.

Step 5: Install the Glass Shade
Carefully lift the glass shade (5) into position beneath the lamp holder.

Step 6: Secure the Shade Ring
Fix the glass shade in place by tightening the shade retaining ring (6) onto the threaded lamp holder. Ensure the glass is securely held without overtightening.

Step 7: Install the Light Source
Insert a suitable E27 lamp (7) into the lamp holder and turn clockwise until secure.

Restore power and switch on the light to test the installation.

Care and Maintenance

- Switch off the power supply before cleaning.
- Clean the glass shade with a soft, dry cloth.
- Do not use abrasive cleaners or solvents.
