

DB8-F-R999-DR-DIM-IC

ITEM NO. DRIVER - 10660

Mains Dimmable constant current driver suitable for DB8-R999 light source.

The new form-factor is designed to ease installation, maintenance and wiring prior to fitting.

Dimensions

Technical Specification

Output	Dimming Options	Mains
	Type	Constant Current
	Voltage	11-13V DC
	Current	480mA
	Power	8W Max
	Power Factor	>0.9
Input	Input Voltage Range	220-240V AC
	Frequency Range	50 / 60Hz
Environment	Max Ambient Temperature	40°C
	Min Ambient Temperature	-30°C
	IP Rated	IP40
Protection	Short Circuit	Recovers automatically after fault condition is removed
	Over Load	>105%
	Weight	67g
