

Ref:

ORL1015-CH-240V

Item No: TWIST AND LOCK – 12982

orlight[®]
FROM SOURCE TO SITE

The adjustable Twist & Lock series feature a minimalistic design created to be unobtrusive and subtle in-situ. Product features superior die-cast Aluminium construction and tilt facility for easy direction of light. The twist and lock mechanism with retaining ring allows for simple lamp change. Suitable for 50mm retrofit light sources. Orlight does not recommend cutting of holes prior to receipt of product in hand.
